## **Daily anti-aging facial care Multi-Action Refresh Cream**

Your skin needs hydration and protection in the morning to deal with environmental stressors throughout the day. Multi-Action Refreshing Cream has anti-aging, moisturizing, purifying and protective properties. The skin quickly absorbs its gel texture, making it easier to apply make-up. It also produces a radiant complexion and leaves skin supple, beautiful and fresh for the entire day.

### **An anti-aging and anti-pollution facial skin care**

This multifunctional, anti-aging skin care moisturizes, nourishes, protects and purifies the skin with a formula that is enriched with vegetable extracts and natural oils.

Its soft and supple gel-cream texture leaves skin feeling limber and lastingly fresh. It softens your skin and gives you a radiant complexion.

#### **Activities**

The active ingredients in Multi-Action Refreshing Cream give it several active properties:

- **anti-ageing**
- **anti-pollution**
- **brightening**
- **moisturizing**
- **nourishing**
- **purifying**

#### **Directions for use**

Use Multi-Action Refreshing Cream every morning on bare and cleansed skin. Using your fingertips, apply the cream with small circular movements, and then spread the excess by smoothing it over the entire face, working from the inside out toward the neck.
